## Diploma In Machine Operator Assistant

### Description

The Machine Operations Diploma program is designed to get you started as a technician suited to work in any industrial plant where precision, efficiency, and safety are valued. You will learn skills in electronics, mechanical systems, and troubleshooting to become qualified to repair and maintain computerized equipment. Instruction takes place in a state-of-the-art shop for a hands-on, practical experience. The diploma you earn from CLC will signify your competency in skills necessary for multiple career opportunities.

### Course Content

- Communication in English
- Financial Accounting
- Business Mathematics / Fundamentals of Insurance
- Fundamentals of Management
- Fundamentals of Economics
- Multimedia Communication & Office Equipment
- Technologies
